Customer Reviews

This story is about Wyatt and Alison. Alison was going to Oklahoma to visit her cousin Wyatt. The two kids fish and ride on horses until a tornado hits and Wyatt's dad gets a cut on his head. Read this book and find out what happens next. I recommend this book to all people that like disaster stories. Students in grades 2-5 will enjoy this book. By Sam

Ok so I love this book so much I wish this one book alone would be a series if it was I'd buy all of them. I hope the author writes more things like this!

I loved all the action and learning about real tornados. Has good tips to survive and interesting characters too with a surprise at the end....

My Son loves this series of books. He has the complete series, and likes to read them to his cousins. Great series for kids.

This book only took 2 days to read and it was interesting to me because the book is about tornados and there interesting.

Both my five year old daughter and my eight year old son love these books! Very exciting series for kids!
