I've been a participant of this program for five years now, and Core Team leader for 3 years. If you want to revitalize the men in your parish, there is no better program than TMIY. This program meets people where they are, and takes them to where God needs them to be -- better men, husbands and fathers.

As a small group leader this year, I have enjoyed being able to have a hard copy of all the slides

shown and discussed in the TMIY videos for each lesson. It gives me a chance to review and further consider a particular slide anytime simply because I have the booklet. It has also enabled me to provide the men in my group highlights of slides that they who do not have the booklet might have overlooked during the video. We all learn differently: some are oral learners as indeed much instruction is done today by listening. Yet some are visual learners and require sight of words to grasp what a speaker is saying. A combination of listening and seeing is perhaps essential pre-requisites to great discussions in the small group setting which follows the video.

I study a lot about my faith, but I have learned so much from this program on how to be a better leader in my family, how to get closer to God on a daily basis, and some great stories about real people and their lives and how we can benefit from their experiences. It also brought me together with a wonderful group of Catholic men whom I did not know before, and they have given me their friendship and prayers. This is a great program that every parish needs.

Outstanding book and so much easier to get now that it is distributed by . This is a life changing course much needed in today's world.

This is an excellent companion book to the Steve Bollman videos!

Concise presentation of excellent, challenging material.

if your not TMIY, you would not understand

This book met my expectations, thank you!
