# Junior Master Gardener Handbook: Level 1

## Synopsis

This publication is designed for the young gardener, containing individual youth activities and community service projects in order to teach children gardening basics in novel and hands-on ways. The work includes eight easy-to-understand chapters on plant growth and development, soil and water, and ecology and the environment. It goes on to discuss beneficial and harmful insects, plant diseases, landscaping, fruits and nuts, vegetable and herb gardening, and careers in horticulture. Activities include making plantable greeting cards; composing homework and creating habitats for garden creatures. The text is complimented with colour photographs and line drawings. The handbook aims to encourage enjoyment of gardening for both children and parents. It is rooted in the philosophy that appreciating nature and conserving future resources should not only be for adults.

## Book Information

Paperback: 186 pages

Publisher: Junior Master Gardener (April 2002)

## Customer Reviews

This handbook is just about all you will need to coordinate a Jr Master Gardener program. The activities are easy to follow and the children in the camps have enjoyed the activities.

great book

I had heard about its content and was please to find it everything plus I was told. I am a teacher and will use it for my students
