# B Is For Badger: A Wisconsin Alphabet (Discover America State By State)

## Synopsis

The intriguing facts and faces, history and places of Wisconsin are revealed to readers young and old in *B is for Badger: A Wisconsin Alphabet*. From its leaders in fine arts and architecture (Georgia O'Keefe and Frank Lloyd Wright) to its pioneers in nature conservation (John Muir and Aldo Leopold), Wisconsin has been an influence on major movements in education, industry, and use of natural resources. Brought to life with lyric rhymes and expressive, original artwork, *B is for Badger* showcases for natives and visitors alike the splendors of Wisconsin. Born in Tower, Minnesota, Kathy-jo Wargin has spent a great deal of time in the upper Midwest. Previously, she teamed up with illustrator Gijsbert van Frankenhuyzen on the award-winning *Legend* series, including *The Legend of the Lady's Slipper* (Upper Midwest Bookseller's Favorite). *B is for Badger* is her fourth state alphabet book. She lives with her family in Petoskey, Michigan. Renee Graef is new to the Sleeping Bear Press family but is very well known as a children's book illustrator for the American Girls collection with Pleasant Company. She has also illustrated for Boyd's Bears and is the illustrator of HarperCollin's *My First Little House* series. Renee attended the University of Wisconsin and the University of Madison; she lives in Milwaukee with her family.

## Customer Reviews

"B is for Badger" is a wonderful book for learning about Wisconsin's traditions, history and culture. I'm a fan of this book series, but a few of the books I've purchased are quite detailed for young children. This book is entertaining and informative, though each page is short and sweet enough for the younger ears, but puts forth something for both adults and children to learn about. The illustrations are beautiful, and aptly capture the people, places, traditions and unique treasures found in Wisconsin.

What's not to love about this book? Its illustrations are lovely, the word choices for each letter are creative and, I think, comprehensively highlight the best Wisconsin has to offer. I originally ordered this book to use with my students at the elementary school where I work, but I wound up keeping it at home amongst my own book collection because I didn't want it getting beat up.

This is a beautifully done book. It is good for little children and their older siblings (and parents) as it is written on two levels. The illustrations are wonderful.

This book has wonderful information for youngsters who want to learn about Wisconsin or have any connection with the state. It is beautifully illustrated and well written. I have given this book as a gift to children on several occasions, and the parents and children have always been delighted.

Was a gift for my niece. I read it after gifting it. It is very well done. Illustrations are very good. Also a lot of great information. I myself learned many things. My niece as well as her parents also enjoyed the book. Definitely recommend it.

Great book for kids and their adults. We got this to share with our grandkids, 7 and 10. They love it. Grandparents are not from WI, so this information was new to us. The kids loved sharing it.

This book is a great addition to the series. The illustrations and info are great. I use it in my classroom and the kids love looking through it. It highlights many great things about Wisconsin. Great book!

This book is one of a kind. Great illustrations and well written! A must have for children in WI!
