I am a homeschool mom and we use these as our bible study curriculum. This is an amazing study and even digs into the covenant relationship God had with Abraham in relationship to the covenant he has made with Believers. I would recommend that your child be at least 4th grade and ready for the work that these books include. The study is clearly laid out day by day and totally reliant on scripture for answers. I would highly recommend any of these books for a deeper Bible understanding for your children.

LOVE these Bible study series. We have purchased several of them for my child's independent study time. The authors do a good job of making the study fun and teaching the kids to dig into God's word. Sometimes the words used are a bit mature beyond the average student's knowledge but this can be a great time to ask a parent or teacher for help. I'm VERY happy with these studies and have enjoyed watching my child learn to study God's word. I highly recommend them!

I loved how this reviewed and led the reader to investigate this part of the Old Testament. Favorite Old Testament stories really seemed to come to life. I am sure my grandchildren will enjoy this book
