## **Customer Reviews**

I discovered this series of books and have been buying them used for my grandchildren 8 & 10. I feel that lives are enriched by knowing and understanding a bit about the man-made wonders of the world. Very pleased with the books and they have held up well even with the large fold out bound in to give a bigger view of the subject.

A gift for my daughter in law and son because our trip with them is a memory forever

quality book, good price, fast shipped
