The Internet Glossary And Quick Reference Guide

Synopsis

Much more than a dictionary of terms, "The Internet Glossary and Quick Reference Guide" compares the differences between competing products, shows readers where to locate more information on the Web, deciphers confusing Internet lingo, and provides quick "how to" guidance on such critical tasks as making the most of Web search engines; dealing with helper applications and plug-ins; and mining the vast information store to be found in Internet newsgroups, mailing lists, and much more.

Customer Reviews

Acts as a good reference guide for internet terms used in e-commerce

I've briefly scanned the material in this book and found it very informative, it is a guide and is used as such and time will determine it's worth.
