## Synopsis

The Dursleys were so mean that hideous that summer that all Harry Potter wanted was to get back to the Hogwarts School for Witchcraft and Wizardry. But just as he's packing his bags, Harry receives a warning from a strange, impish creature named Dobby who says that if Harry Potter returns to Hogwarts, disaster will strike. And strike it does. For in Harry's second year at Hogwarts, fresh torments and horrors arise, including an outrageously stuck-up new professor, Gilderoy Lockheart, a spirit named Moaning Myrtle who haunts the girls' bathroom, and the unwanted attentions of Ron Weasley's younger sister, Ginny. But each of these seem minor annoyances when the real trouble begins, and someone--or something--starts turning Hogwarts students to stone. Could it be Draco Malfoy, a more poisonous rival than ever? Could it possibly be Hagrid, whose mysterious past is finally told? Or could it be the one everyone at Hogwarts most suspects...Harry Potter himself?

## Customer Reviews

I think the Harry Potter books are really fascinating. They are full of suspense and irony. I wouldn't have read this book because I thought it was for younger kids ( I'm 13)but my friend was reading it

so I gave it a try. I didn't put the book down until I finished it. It was that good! I don't want to be rude either but it really does not promote witchcraft. The whole time I read it, using black magic never crossed my mind. I know parents can be overprotective about that stuff but what about JRR Tolkien's Hobbit series and Disney movies with witches and wizards in them. Sleeping Beauty and Snow White and the 7 dwarves show this. Most stories or movies have a villain that is either a sorcerer or a witch. I thought this book was really awesome and even if you are above the age of the Reading Level read it anyway! I love Harry Potter: he is really responsible and smart. He is a good example. His friends are really funny and so are all the other characters. This is really good literature. Thank you so much Ms. Rowling for writing these books.

I'm a senior citizen who loves Harry Potter. I have read the first 3 books and will purchase "The Goblet of Fire" on books on tape. I won't go into the plot. Suffice it to say it follows the book. The acting was wonderful by our 3 main stars. There is not enough of Alan Rickman, a truly wonderful actor. Kenneth Branagh was so-so and I don't know the man who played Lucius Malfoy but he was perfect. I hated him in "The Patriot" and hated him even more here. Richard Harris will be sorely missed. What a fine performance for his last film. I never realized that the film was 2 3/4 hours. The time flew. The special effects are outstanding. I liked the further character development. You see what a wonderful and loving family Ron Weasley comes from. You find out why Hagrid is the way he is. You also get to realize why Draco Malfoy is the way he is when you get to see the father. There was so much to see. So much to enjoy. For the first movie, I saw the movie first and then read the book. For this story, I read the book first and then saw the movie. Either way, I was thrilled with both movies. I can't tell you how much I'm looking forward to the third movie. If you haven't had the opportunity to see "The Chamber of Secrets", please go and see it. It's a treat for the eyes, mind and soul. Enjoy, enjoy, enjoy

In Harry Potter and the Chamber of Secrets, Harry, a twelve year old boy is continuing another fascinating year at Hogwarts School for Witchcraft and Wizardry. This second book in the J.K. Rowling series is a must read! Not only do the main characters Harry Potter, Ron Weasley and Hermione Granger set out to solve a new problem but, they realize that somebody has opened the Chamber of Secrets. Through trial and error our heroes search for clues to save one of their friends. Again Harry must put his life in danger to save others who are important to him. J.K. Rowling has introduced us to some new characters in book two. We meet a magical elf, Dobby, a new professor, Gilderoy Lockhart and finally Ginny Weasley, Ron's younger sister who joins the famous trio. I

liked this book because it was a true page turner. As the reader you can search for possible clues along with Harry, Ron and Hermione. I would recommend this book to anyone over seven years old. J.K. Rowling did an excellent job on this book because it's exciting and full of adventure. I have learned from this book that life is full of tough challenges and problems. No matter how hard it is you have to be brave and trust in yourself to do the right thing.

After reading the original of the recent hits and chart-topping Harry Potter series, I just had to read the second. It once again begins over summer vacation and takes Harry to his second year at Hogwarts, the best wizarding school of the day. But for some reason, people begin to be attacked by someone - or something. Harry, Ron, and Hermione start on another slew of detective work to find out what's going on, and how to save the students of Hogwarts...it's hard to give a plot summary without exposing the secrets of the ending, which, by the way, was a total surprise! This book is truly engrossing, more intense and frightening than the first. I loved it! It was both fun and funny, much like the other two in the series. It is interesting to read, and I honestly think it appeals to all ages. Even older readers will enjoy being taken back to the days when the line between fantasy and reality was blurred, and all the books would keep any modern teenager enthralled. Harry Potter No. 2 actually kept me laughing throughout. At some points in the middle, the story may get slightly bland, but don't worry: the best part is yet to come. I love children's stories, have read many, and these are the best, most modern works out there. There's a reason they are so hot right now, and all these other 5-star reviews are deserved! This series breaks the ordinary mold of children's books which are not always written with the same flair J.K. Rowling successfully incorporates into the plot, and they each possess their own sense of magic, not allowing the reader to put the book down! The Harry Potter books are highly recommended! Other children's authors I enjoy are Roald Dahl, Louis Sachar, Mark Twain, C.S. Lewis, and E.B. White.
