Customer Reviews

Here is a typical day in my library. I set out four or five copies of the newest "Babymouse" series around 10:00 a.m. on the graphic novel shelf. Around 11:00 a.m. a patron of the girl-like persuasion will ask if we have any copies of "Babymouse" in. With falsely swelled head I will lead the patron to the place I last put the series, only to find every single last stinking copy is gone gone goneski. I'm trying to give you some kind of an idea of just how popular this series has proved to be. Whether your patron is a newbie to the series and wants, "Babymouse: Queen of the World", or has read every last single installment in the series up to "Babymouse: Rock Star", I can assure you that if you purchase, "Babymouse: Heartbreaker", you're simply setting yourself up to loose your copy to a fanatic fan pronto. Are you a librarian desperately in need of higher use stats? Meet the solution to all your woes. In this particular book in the series we see our plucky heroine doing what she does best. Eating cupcakes (though not as many as she might have), thinking about boys in an off-hand fashion, and dreaming up impossible fabulous dreams. It's Babymouse's faaaavorite holiday of all time. Can you guess what it is? Here's a hint: It involves pink. That's right. Valentine's Day is nigh and Babymouse has a lot on her mind. For one thing, it seems that her elementary school is having a dance and trusty standby Wilson is going with someone else. Suddenly Babymouse needs a date, but nobody is coming to mind. Either everyone's already taken or they're not interested in going. Even the creature that lives in her locker is giving her grief on the subject. In the end, Babymouse decides to go to the ball all by herself. Fortunately for her, there's somebody there who thinks she's absolutely fabulous.
